Showcase 2017 (Stand No. F80)

Launching at Showcase Ireland 2017 is KAUZA - a new Irish company designing and making innovative wall hangings, interior design and décor products. This exclusive collection of wall pictures, clocks, accessories and gifts uses laser cutting technology and combines smart electronics such as LED and sensor activation. Set up by two friends Alex Chernenko and Artem Mitasov, Kauza is motivated by curiosity and a desire to create interiors that enhance the home and work beautifully.
